Education

Licence Double Sciences de la Vie - Informatique

2020-↻

Université d'Évry val d'Essonne – Paris-Saclay

I will have my bachelor degree of both computer science and biology in 2023. I am currently in third year of this double cursus.

Baccalauréat Scientifique, option Sciences de la Vie et de la Terre, mention Européenne

2017-2020

Lycée Notre-Dame, Le Mans

I have got my scientific baccalaureate with "Very Good" mention, in 2020. I had the DNL euro option (I had some courses of biology in english).

Activities

■ Bird Watching

■ Taking Photographs

■ Bat Recording

■ Development & SysAdmin

Experiences

Computer Science Intern

2022

Natural-Solutions

I did an internship during my second year of bachelor degree in the web agency Natural Solutions, during which I documented and tested an IA that classify nocturnal bird sounds (flight call especially).
