Languages

■ French (native)
■ English (B2, TOEIC Score 870)
■ German (A2)

Education

Double bachelor degree in Biology and Computer Science 2020- ∞
Évry – Paris-Saclay University, France

- Computer science theoretical courses and applications;
- Biology general notions and lab practices;
- Introduction to computational biology through little projects along the cursus;
- Participation to the Digital for Genomics Hackathon 2023 edition.

High School Diploma in Science (Bac S) - Biology and Earth Sciences major - English European Mention 2017-2020
Lycée Notre-Dame, Le Mans, France

- Baccalaureate with highest honours, with a DNL SVT European mention (biology and earth sciences in English);
- « Research Passport » : Group work on a research topic with scientists. We worked on tumor suppressors with two PhDs from the CRCINA (Cancerology Research Center of Angers);
- Olympiades de la Chimie (qualified 1st in departmental contest, Sarthe, 2020).

Work Experiences

Computer Science Internship January 2022
Natural-Solutions

- One-week internship in the Natural-Solutions web development agency, based in Marseille 🌐.
- Contributed to the development of an artificial intelligence involved in automatic nocturnal bird flight call detection and identification for the NBM Challenge 🌐.
- Discovery of the SCRUM software development method.

Interests

- Bird watching, sighting data sharing on crowd sourced database;
- Bat ultrasound recording and analyzis (Vigie-Chiro);
- Wildlife Photography 🌐;
- Software development & GNU/Linux system administration;
- Liness Linux User Group 🌐;
- I published two articles on Bioinfo-fr.net blog 🌐;
- 🌐 Bioinformatics through problem solving at Rosalind.info 🌐.
